ONE MAN KILLED; SIX ARE INJURED

Express Train Crashes Into Construction Crew in Tunnel.

WAS RUNNING AT FULL SPEED

Without Any Warning a Fast Train Dashes Around Curve Into the Midst of a Gang of Workmen With Fatal Results.

New York, Dec. 4.—One man killed, four dying and two others seriously hurt, was the result of the dash of a fast-flying western express train through a construction crew on the Erie railroad in the tunnel in Jersey City early this morning. The men were struck without warning as they were working to clear the track from a wreck which had happened two hours previous.

Stanislaw Monaster, of Jersey City, was killed outright. John Bebaski, William Dietrea, Vinceaso Kunciska and George Yarsick were, it is said, instantly killed.

The men were working on the eastbound track of the Erie about 500 feet west of the tunnel's mouth. Their backs were toward the advancing train. The train itself, known as No. 142, the Western Flyer, was heavily laden and running behind time. The signal lights and tower signals showed the track all clear and the engine driver was going at a high speed when the train swept around a curve and upon the gang of laborers.

ASK CONGRESS FOR MONEY.

Medical and Ordnance Department Want More Cash.

Washington, Dec. 4.—Strong effort will be made at the coming session of congress to obtain more money for the medical and ordnance departments of the army that the officers in these departments may have increased rank.

The medical department has been especially active since the last session of congress in making its needs known and Representative Hull chairman of the house committee on military affairs, says civilian doctors throughout the United States, have taken up the case of the army surgeons and are exerting great influence to gain the concessions sought by the medical department. Under present conditions the medical department of the army feels its handicap by the provision that a doctor entering the army cannot attain the rank of captain for five years. In the navy only three years is required for the same advancement. Like the medical department the ordnance department says it is unable to afford sufficient rank to applicants to make its work attractive. The ordnance department is also anxious to have legislation which will shorten from four years to one year the time which ordinance officers must serve in the line when transferred from ordinace duty.

British Soldiers Fire on Mobs.

Georgetown, Demerara, Dec 4.—A strike of wharf laborers which is in progress here assumed a very serious aspect this morning when the police were compelled to fire on a riotous mob. It is reported that five rioters were killed. The strike, which was the result of a demand for higher wages, began Tuesday last, and since then the strikers have been parading the streets. Some acts of violence were committed yesterday but they were not serious. The governor announced that he intended to forcibly suppress all riotous proceedings. As the result of today's trouble all business has been suspended for the present.

Swainsboro, Ga., Dec. 4.—Jackson Broom, of Summertown, was found murdered in his cane patch. As he had been missing since the night before searching parties were out until today. He had been shot to death. A negro boy has been lodged in the Swainsboro jail. Mr. Brown was a leading farmer and citizen of Summertown. He leave a wife.

NEW MOVEMENT IN RELIGION.

Preacher Wants To Do Away with Dogma and Ritualist in Church.

New York, Dec. 4.—Rev. R. C. Dillingham, vicar of Hexton, England, who a year ago violently attacked Bishop Potter, returned here last night to expound a new cult which he calls "the new liberal movement in religion." He says it was a success in Georgia and tomorrow night he will tell what it is at a public meeting which he has called.

Dr. Dillingham said last night that he would take action against Bishop Potter before both the law courts and the ecclesiastical courts, charging him with receiving moneys under false pretences. In explaining this action, the vicar said:

"I have not given up my fight against ritualism in our church, notwithstanding the fact that I am now promulgating a new religious movement to do away with dogma and ritualism. I want to see ritualism driven from the sanctuaries and our church and will always work to that end. Now it should be known that everything in the Protestant Episcopal church at his consecration takes an oath to preserve the church along the lines it was founded. It was founded as a protest against this very thing I am fighting—high churchism, ritualism, confessionals and the like. Bishop Potter, I maintain, has violated this pledge and in receiving money to keep such churches as St. Mary the Virgin, St. Andrews and others, takes such moneys under false pretence."

TOLSTOI'S VIEWS ON SITUATION.

Does Not Believe that Russian Peasants Will Join Revolutionists.

Berlin, Dec. 4.—Russian correspindent of the Tageblatt has interviewed Count Tolstoi at the latter's home from whence the correspondent telegraphed:

Count Tolstoi shows surprising optimism regarding the present condition of Russia. He considers that it is not dangerous and thinks the industrial laborers in the few large cities have no moral influence on the peasants.

The peasants are not thinking about revolution and Tolstoi regards the newspaper reports about peasant uprisings as exaggerated. He says it is only a small part of the revolutionary agitators who want to reverse the present order of things. He, however, declines to make predictions, saying it is impossible to know what will happen. It is necessary in any case to get rid of the existing government which hitherto has rested upon force and supplant it with a government supported by love, good will and Christian acts.

EXAMINE INSURANCE COMPANIES

Washington Man Believes that the Govment Should Get Reports.

Washington, Dec. 4—Examination of life and fire insurance companies in the light of the insurance developments in New York and a general revision of the insurance laws for the national capital, are recommended by Superintendent of insurance, Mr. Drake, in his annual report to the commissioners of the District of Columbia. Superintendent Drake says:

"In my judgment, all the local life insurance companies, associations and fraternal orders, should be examined biennially and all fire companies should be examined triennially or oftener, if deemed necessary, at the wisdom of which can be seen daily in the revelation made by the legislative investigating committee in the investigation that is now being made of life insurance companies in New York. Of the 327 companies licensed, thirty were local corporations. Only five of the thirty have thus far been examined by the department in a detailed way on account of the dotils of office."

Woman Dies of Suffocation.

Chicago, Dec. 4.—Fire in the four story rooming house at 2,400 Wabash avenue early today caused the death by suffocation of Mrs. Mary Grigsby aged 60 years. Three persons were injured in jumping from the window, and six were rescued by the firemen. The house, which was occupied by 31 families, was damaged to the extent of $3,000.

GREAT AMOUNT OF PROPERTY BURNED

The Damage Is Estimated At Ten Million Roubles.

ALL IS QUIET AT VLADIVOSTOK

After Several Day's of Continuous Rioting the Russian City in the Far East Resumes its Normal Condition All Excitement Subdued.

Vladivostok, Via Chee Foo, Dec. 1.—Delayed in Transmission—Quiet was restored after two days continuance of the disturbances.

Representative business men agree with officials that there is no probability of a recurrence. The damage is estimated at ten million roubles, mostly in buildings destroyed by fire.

A small percentage of this sum represents the destruction of merchandise of which immense quantities were destroyed by fire.

Thirty-five steamers were awaiting the distrbution of their cargoes at the time of the riot.

Undoubtedly the riots were precipitated by the excited conditions of the troops and sailors, consequent upon the mass meetings held by citizens to celebrate the emperor's liberty proclamation, the enthusiasm at the mass meetings being accentuated and taken advantage of by the revolutionary elements to incite the military to acts of hoodlumism, resulting in shots.

There is an unusual influx of representatives of American commercial interests to Vladivostock.

COMMUNICATION IS CUT OFF.

London Cannot Receive Any Word from St. Petersburg.

London, Dec. 2.—4:45 p. m.—Communication between London and St. Petersburg via the Great Northern Telegraph company was severed this afternoon.

Messages were received this morning but nothing has reached here since noon. The company's officials in London are unable to communicate with their officers in St Petersburg. They have no information as to the cause of the stoppage.

The Associated Press which always has received dispatches from its St. Petersburg office each day before noon has not received anything from that office since about 11:30 o'clock last night.

Martial Law Is Repealed.

Warsaw, Dec. 4.—The emperor's ukase repealing martial law in Russian Poland was gazetted here today. The infantry and cavalry patrols have disappeared from the streets, but some of the soldiery are still concealed in court yards and police stations.

Military disturbances are occurring in the government of Lomzaha.

At Zambroff the army reserve men have mutined, demanding to be returned home. The officers' club was attacked and the windows were broken. Troops were sent from Lomzha to quell the riot, but they declare they will not shoot their comrades if ordered to do so.

Seditious disturbances have taken place among the troops garrisoning the fortress at Osowiec.

Washington, Dec. 4.—President Roosevelt left Washington at 8 o'clock this morning for Princeton, N. J., to witness the annual game of football to be played on Princeton field this afternoon between teams representing the naval and military academies. In the president's immediate party were Mrs. Roosevelt, Miss Ethel Roosevelt Secretary and Mrs. Root, Secretary Loeb, Captain and Mrs. W. S. Cowles Dr. P. M. Rixey, Mr. and Mrs Douglass Robinson and Miss Corinne Robinson and Miss Isabelle Hagner.

The trip was made in a special train of seven cars via the Pennsylvania route. Besides the private car of the president and his party, there were cars for Secretary of War Taft and a large party and for assistant Secretary of the Navy Newberry and party.

At the conclusion of the game the president and the entire official party will return to the special train and leave immediately for Washington. It is expected the train will reach this city about 10 o'clock.

EIGHTEEN MINERS ARE KILLED.

A "Blown" Shot in a Utah Mine Scatters Death and Destruction.

Salt Lake City, Utah, Dec. 4—An explosion occurred late last night in Mine No. 1, Diamondville, and caused a heavy loss of life.

One telegram received here states that eighteen men were killed. Another dispatch states that 18 to 25 men were caught in the mine when the explosion occurred. Reports received in Salt Lake City state that the explosion was caused by a "windy shot."

Through telephonic communication with the mine officials at Diamondville it is learned that 18 men, all were in the mine, were killed.

Nearly all of these were English miners, who came to the Wyoming mines and direct from England.

About 11 o'clock five bodies had been recovered.

Had the full night shift been at work in the mine, the loss of life probably would have been appalling.

A "blown" shot was the cause of the disaster. A small shift of men were working 4,000 feet down in the mine knocking down coal to be taken out by the day shift. Presumably, the men were close together in a bunch when the "blown" shot of giant powder exploded.

Forced Emperor to Sign Treaty.

Che Foo, Dec. 1.—Delayed in Transmission—Private letters from Korea tend to confirm the recent reports from Pekin that the Korean emperor was practically forced at the point of a bayonet into an agreement with the Japanese. The emperor's seal was affixed o the documents by others, resulting in a panic in the palace and the suicide of some of the officials. The palace has been under increased Japanese surveillance for the last two weeks.

SULTAN'S PROPOSALS REJECTED BY POWERS

The Sick Man of Europe Must Yield His Position.

SHOWING SIGNS OF WEAKENING

After an Examination of the Sultan's Counter Proposals Which the Powers Regarded as Dilatory, They Were Rejected by Ambassadors.

Paris, Dec. 4.—It was learned by the Associated Press in the highest government quarter today that the powers after carefully examining the sultan's latest counterproposals have decided to reject them and actively resume the naval demonstration in Turkish waters on Monday, with the probable seizure of the islands of Lamnos and Imbres.

No consideration has been given to stopping the passage of the Dardanelles owing to the interruption of international commerce which would follow.

After an examination of the sultan's counter proposals all the powers came to the conclusion that the propositons were dilatory and entirely unsatisfactory.

Sultan Is Weakening.

Constantinople, Via Sofia, Dec. 4—The unanimity of the ambassadors is beginning to have the effect on the Ottoman authorities. Even the military men who are leading the opposition against the acceptance of the demands of the powers are showing signs of weakening.

DOCTOR FACES SERIOUS CHARGE.

North Carolina Physician Charged With Poisoning His Wife.

Greensboro, N. C., Dec. 4.—Dr. J. B. Mathews, a well known physician, was arrested here on a warrant charging him with the murder of his wife, who died after suffering excruciating agony for more than 12 hours. The warrant was issued by Mayor Murphy.

Her death, according to Dr. J. P. Turner, the coroner, who was called to her bedside, resulted from a dose of strychnine followed by a pation of morphine, which, Coroner Turner alleges, was administered to the woman by her husband.

Dr. Mathews was arrested at midnight. He maintains that while he prescribed for his wife, he did so in the hope of alleviating her pain. Coroner Turner, who swore out the warrant against Dr. Mathews, makes sensational charges against Dr. Mathews in connection with the scenes in the dying woman's room.

Dr. Turner alleges that after suffering for hours the dying woman directed her ten year old son to seek another physician, her husband, according to the coroner's story, having refused to summon one. Dr. Turner, who was the first to reach the stricken woman's bedside, diagnosed the case as one of poisoning, and at once administered antidotes, which failed to have the desired effect.

IMPRESSIVE SERVICE GAINESVILLE ELKS

Memorial Address Was Delivered by Chaplain S. B. Rogers.

TALK WAS IMPRESSIVE ONE

Full of Beautiful and Touching Sentiment, Which Was Listened to With Close Attention by Large Crowd Present—Mr. Rogers' Address.

In compliance with the rules of the Grand Lodge of the order, Gainesville Lodge No. 990, Brotherhood Protective Order of Elks, observed its first memorial service at the lodge room Sunday evening, which was well attended.

This date is set apart for all lodges to observe a memorial service in remembrance of the departed brothers. As a rule these functions are held publicly, but owing to the fact that the Gainesville lodge has been organized only a short time, and this lodge has been so fortunate as to lose no member by the grim reaper, death, it was decided to hold a session for members of the order only.

Rev. S B. Rogers, chaplain of the lodge, was selected to deliver the memorial address, which he did in a most eloquent and impressive manner, speaking about fifteen minutes. At the beginning Mr. Rogers opened the meeting with a fervent prayer, after which several odes of the order were sung. The meeting was closed with the benediction by Rev. Francis H. Craighill of Holy Trinity Church, and a member of Gainesville Lodge.

Mr. Rogers' Address.

Mr. Rogers, whose remarks commanded the closest attention of the large number of Elks present, said:

"My Fellow-Comrades in Friendship, Love and Sorrow:

"By the laws governing the fraternity (under the auspices of which we are assembled tonight) we are called together in a solemn memorial, in commemoration of the friendship and virtues of our departed comrades, who less fortunate than we, have been called in the past year from their post of duty on earth, to give an account of their stewardship to the Great Judge of all human conduct.

"We need no greater assurance that we ourselves shall not be forgotten, when we shall have made our last journey across the sands of time, and grounded our antlers for a brighter and purer crown, than the fact that you and I are here tonight, by reason of the established law of this order to commemorate the deeds of honor, noble characters and beautiful virtues of our fallen comrades.

"This is a notable occasion, and one well worthy its place among the cardinal principles of this order, which are Justice, Charity, Brotherly Love and Fidelity. Erecting our castle of hope upon these beautiful pillars and working thus in the bowers of friendship, which can only end in infruition, it is not strange, but beautifully fitting that we should stop amid the rush of life to plant a flower and drop a tear on the graves of our departed comrades.

"Memorial days are love's tide marks; they show how high the affections of the human heart can rise and how long true friendship will live. In our domestic life they take the form of gifts, gentle caresses and tender reminiciences. In our religious life they speak of holy joys, pure gratitude and renewed devotions. In our fraternal life they glow with fidelity and sparkle with friendship and resound with songs of joy, acts of justice and deeds of love, and become inundated with the surf of rising emotion that leaves a high water-line of love and flowers upon the beach of devoted memory as it recedes, and no matter how low the ebb may be between the recurring dates, because of the employment of mind and heart in other directions, no sooner do these hallowed days return than all the inspiring association of the past unite with all the intense aspiration of the present to reach a still higher point of devotion to our cardinal principles. We lift our hearts in holy gratitude to Him who has kept us and most humbly thank our Great Father above that we are not called upon to mourn the loss of our own immediate members. Mercy has enthroned herself where perhaps justice should have reigned, and tonight our ranks are unbroken and our comrades are all with us.

"But with many of our sister lodges this is not true. Death has invaded their sacred domain, spread her white arms and whispered in the ears, growing deaf to all other appeals: Come, weary one, lay your throbbing head upon my breast, and our comrades in a common cause have gone to receive their initiation into that lodge, where there the Great Exalted Ruler of the Universe will teach them more perfectly the principals of our holy tenets.

'We join hands and hearts tonight in sorrow with others because of our universal loss and the deep brotherly love that binds us together. Let we sorrow not as those who have no hope, for when justice grounds her arms victory must be won; when charity has borne her last burden and sent on missions of memory her last tokens of human kindness, when the open hand shall be closed in death and the last cord of fraternal sympathy shall be broken, they must hear from their Great Exalted Ruler: 'Well done, good and faithful servants, I was hungry and ye gave me meat, naked and ye clothed me, sick and ye came unto me, lay down your earthly antlers and put on your well-earned Crown.'

"When this brotherly love shall cease
—cease—can it cease?
No measurement hath yet been found,
No line of numbers that can keep
The sum of its eternal rounds,
The plummet of its endless deep
On heights to which its glory sweep.

"Yes, measure brotherly love when thou canst tell
The lands where Seraphs have not trod,
The heights of Heaven, the depths of Hell,
And lay thy finite measuring rod
On Him who doeth all things well.

"When fidelity to every trust shall complete with honor the last great duty committed to her charge, and surrender without a blot the last commission of a faithful life, she must hear from the Grand Lodge on high: 'Well done, good and faithful servant, enter thou into the Lodge of Joy,' for a star is not extinguished when it sets upon the dull horizon, it but goes to shine in other skies, then to reappear in ours', as fresh as when it first arose.

"The river is not lost when o'er the rock
It pours its flood into the abyss below;
Its scattered forces regather from the shock,
And it hastens onward with yet fuller flow.

"The lily is not dead when both flower and leaf fade,
And are strewn upon the chill, sad ground,
Gone down for shelter to its mother earth
To rise, rebloom and shed its fragrants 'round.

"Thus in sorrow, yet kindly trust, we bid each brother a brief farewell;
Weeping, yet smiling, we commit their dust to the safe-keeping of the silent cell;
Softly within their peaceful resting-place,
We lay their weary limbs, and bid the clay press lightly on them till the night be passed,
And the earth gives forth an eternal day.

"We were sorry to give them up, and while we drop a tear upon their graves, and refresh our memories with their pleasant associations, yet we know that death and darkness must end in life and light.
Short dimming, endless shining in yonds sphere,
Where all is incorruptible and pure;
Joy without a pain, and smiles within a tear."

RAW BLEEDING SCALY ECZEMA

Looked More Like Piece of Raw Beef Than Human Being—Doctors Useless—Blessed Relief and First Real Sleep in Weeks After First Application, and

SPEEDY CURE BY CUTICURA REMEDIES

"Words cannot describe the terrible eczema I suffered with. I was almost a solid mass of sores from head to foot, and looked more like a piece of raw beef than a human being. Blood and pus oozed from a great sore on my scalp, from under my finger nails, and nearly all over my body, and every hair in my head fell out. I could not sit down, for my clothes would stick to the raw and bleeding flesh, making me cry out with pain. My doctor did all he could, but I got worse and worse. I did not think I could live, and wanted death to end my frightful sufferings.

"My mother-in-law begged me to try Cuticura. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after applying Cuticura Ointment. It cooled the bleeding and itching flesh, and brought me the first real sleep in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely, and took the Resolvent for the blood. Soon the sores stopped running, the flesh began to heal my hair started to grow, and in a short time I was completely cured. If any one doubts this, tell them to write to me.—Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J."

OLD PEOPLE CONSTANT SUFFERERS IN WINTER

Most old people are great sufferers in Winter. They are seldom free from pains or ailments of some description, because they are not as able to withstand the severity of the climate, with its damp, changing weather, as are their younger, more vigorous companions. Cold weather starts the old aches and pains; they suffer with chilly sensations, cold extremities, poor appetite and digestion, nervousness, sleeplessness and other afflictions peculiar to old age. With advancing years the strength and vitality of the system begin to decline. The heart action is weak and irregular, the blood becomes thin and sluggish in its circulation, and often some old blood taint that has lain dormant in the system for years begins to manifest itself. A wart or pimple becomes a troublesome sore or ulcer, skin diseases break out, or the slight rheumatic pains felt in younger days now cause sleepless nights and hours of agony. There is no reason why old age should not be healthy and free from disease if the blood is kept pure and the system strong, and this can be done with S. S. S. It is a medicine that is especially adapted to old people, because it is made entirely of roots, herbs and barks, selected for their purifying, healing and building-up properties, and is very mild and gentle in its action. S. S. S. warms and reinvigorates the sluggish blood so that it moves with more rapidity, and clears it of all impurities and poisons. As this rich, healthy stream circulates through the body every part of the system is built up, the appetite and digestion improve, the heart action increases and the diseases and discomforts of old age pass away. S. S. S. cures Rheumatism, Catarrh, Skin Diseases, Sores and Ulcers, and all troubles arising from diseased blood.

THE DECISION IS A HARDSHIP

Druggists Are Compelled Occasionally to Use Alcohol in the Filling of Prescriptions, but for This Privilege They Must Pay Dearly.

The commissioner of internal revenue, United States Government, ruled several months ago that, after December 1, patent medicines that are known to contain a certain per cent of alcohol would be placed in the same category as intoxicating beverages.

After due consideration, however, it is understood this distinguished official has extended the time to January 1, in order that druggists may have an opportunity to dispose of such medicines now in stock.

Druggists as a rule feel that this decision will work quite a hardship upon them, as it requires the payment of a United States Government license for the dispensing of alcoholic liquors. It will fall more seriously upon druggists of a "dry" town, since a certain druggist has declared that it would seem prima facia evidence that the druggist had purchased the United States license for the purpose of dispensing intoxicating liquors, and that said action might be so construed by the county or local authorities, which would place a druggist subject to arrest at any time.

All druggists, in preparing prescriptions, at certain times must use alcohol, with the result that they must keep it on hand, and to do this they will be compelled to pay the government privilege of $25 a year, besides being subjected to criticism for carrying a Government license.

To say the least, from the first of the year the druggists throughout the country will be subjected to an additional hardship, and those who feel disposed may accuse them of selling intoxicants under the protection, of a Government license.

HAVE BOUGHT A LOT.

Seventh Day Adventists Will Build Church at North Gainesville.

The congregation of the Seventh Day Adventist Church is small in this section, but they are a determined lot. Several months ago they decided to erect a church building and set about it in the right way. They have succeeded in raising money sufficient to purchase a desirable lot in North Gainesville and in a few weeks will begin the erection of a neat edifice.

The congregation have been accustomed to hold meetings at the homes of the members, alternating as to place.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and $1.00, guaranteed. Trial bottles free.

CONSUMPTIVE WOMEN

Often Caused by Female Disorders Ignored in the Beginning.

All experienced women and mothers know that the majority of cases of consumption in girls and young women come from neglected female disorders. Not ng so undermines the system and it open to the attacks of disease it is your duty to treat at once th first symptoms of irregularity nace, whites, painful periods se, monthly periods, etc. G. F erstle's Female Panacea) is ju tly what you need for these troubles, and it is ALL you need. It is a guaranteed cure—guaranteed because we know what it will do. Doctors recommend it, its record recommends it, and its guarantee recommends it. This guarantee authorizes any dealer to refund the purchase price of a bottle of G. F. P. (Gerstle's Female Panacea) to any woman who buys it and is not benefited by its use.

AN AGED PHYSICIAN

After Years of Experience Gives the Following Advice:

"If you have anything to do with medicines at all be pretty sure you know what you are taking."

Our local druggist, W. M. Johnson, says this is a strong point in favor of their valuable cod liver preparation, Vinol. Everthing it contains is plainly printed on the bottle, therefore it is not a patent medicine.

Vinol contains in a highly concentrated form all of the medicinal elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of oil or grease to nauseate and upset the stomach.

This is the reason that Vinol accomplishes such wonderful results in curing chronic coughs, colds, bronchial and lung troubles, and there is nothing known to medicine that will so quickly build up the run-down, overwroked, tired and debilitated, or give strength and renewed vitality to the aged as Vinol.

Mrs. Martha Fraser of Portland, Me., writes: "I was all run down from overwork and had a chronic cough for years. I had tried so many remedies without help that I had lost all faith in medicine. My daughter bought me a bottle of Vinol. It simply worked wonders for me; it cured my cough and brought back health and strength and I am better than I have been for years."

We can only ask every one in Gainesville who needs such a medicine to try Vinol on our guarantee to return their money if it fails." W. M. Johnson, Druggist.

BARLOW MINSTRELS

At the Edwards Opera House on Monday Night, December 11th.

Almost an entirely new vocal choir will be heard this season with the Great Barlow Minstrels who will appear at the Edwards Opera House on Monday, December 11th.

Chas. Carnes, a high soprano, possessing a voice of unusual sweetness and clear penetrating power, is one of the extreme hits among the balladists and is obliged to respond nightly to numerous encores in reward for his rendition of "Just Like the Ivy." Frank Gray, a robust tenor also of pleasing address and one of Cincinnati's favorite singers, is using with great success one of the season's latest hits, "My Dusky Rose."

A couple of the old favorites, Joe McAnallon, the Irish tenor, and Lew Davenport, are to be heard in the latest sentimental songs, Joe for the third season being obliged to repeat as encore in response to the numerous calls, his greatest success, "Why Did They Sell Killarney?"

Dave Irwin, a robust baritone of tremendous power, Neil Mallory, a deep basso, Arthur Samson, on "The Little Boy Who sang in the Gallery," and J. H. Billsbury, a soloist of much renown and fine voice, constitute a most complete and creditable male octette of balladists.

IN CIRCUIT COURT.

That Tribunal Now on Fourth Week. Monday a Dull Day.

The circuit court, fall term, began its fourth week Monday morning.

There was little actually doing in the court during the day. A large number of cases were continued for various reasons, principal among which was the case of the State vs. James VanAllen, charged with forgery.

The following cases were disposed of:

State vs. Peter Jackson, carrying concealed weapons. Defendant arraigned and pleaded not guilty. Jury called and sworn, trial proceeded, and verdict returned of not guilty.

State vs. Abe Irving, assault with intent to murder. Defendant arraigned and pleaded not guilty. Jury called and sworn, evidence and argument submitted, and verdict returned of not guilty.

Court adjourned until 9 o'clock Tuesday morning.

Movement of Vegetables.

The vegetable movement has begun in earnest, and daily consignments are made from every station in the Gainesville section. These shipments consist principally of beans and peas and from many stations lettuce is being consigned, two solid carloads having already been made up among the growers of what is known as the Gainesville and Rocky Point sections. The acreage is not so large as last season, but growers claim that the plant is more prolific and of superior quality. Good prices are being realized so far on all shipments.

DECEMBER ATTRACTIONS.

Manager Layton Has Secured Four Good Shows for This Month.

Manager C. R. Layton of the opera house promises the people of Gainesville some good entertainments during the present month, as he already has booked four first-class attractions, with possibilities for others, as he is in correspondence for open dates.

The first show to come to the opera house this month will be the famous Barlow Minstrels, which it is needless to explain to the theater-goers here. It may be added, however, that this aggregation is bigger and better than ever this season, which is saying a great deal. Barlow will be here on Monday, the 11th inst.

On the 16th that famous and popular pantomine, "Humpty-Dumpty," will hold the boards. This popular production has enjoyed a most successful run in the large cities in the North, and is bound to please those who witness it.

The Black Patti will appear on the 23rd, and on the 27th, which will be on Wednesday, that side-splitting comedy, "Taming a Husband," will be presented by a first-class company.

There are a few open dates which Manager Layton may probably fill, but in the event that no other attraction is booked, our people will be thoroughly entertained this month.

The Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow, blotched complexion, as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and it is very pleasant to take. Refuse substitutes. J. W. McCollum & Company.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mansell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

MERIWETHER CASE.

The attention of the whole country for the past week has been centered on the remarkable court martial now proceeding at Annapolis. The developments of the trial have been more sensational than even the naval officers expected and it is almost certain that the court martial will be followed by a Congressional investigation that will change the course of things at the naval academy more than did the famous hazing investigation of 1900 at West Point. The trial commenced with but one defendant, Midshipman Minor Meriwether, charged with manslaughter in killing an upper classmen, Jas. Branch, in a fist fight. There had been rumors of a "code of honor" by which such fights were arranged. But Rear Admiral Sands, the superintendent of the academy, said this code was "an invention of the newspapers" and had no real existence. The evidence at the trial has shown that the "code," although unwritten, is real and long established. Fourth-year men have testified to twenty or thirty fights under the code in the three years of their experience. More than that they say that the fights have had the explicit sanction of succeeding superintendents as the best way of settling personal differences between cadets. Incidentally it has been brought out that hazing, nominally abolished three years ago, has continued under the name of "running."

Ideas may differ as to the expediency or harmfulness of allowing fighting between the cadets. Some people will hold that it is brutalizing, degrading and unnecessary. Others will say, especially remembering certain school experiences, that there are times when a man or boy has to fight and that no serious harm comes of it except in the very rare instances like the Branch-Meriwether affair. Now fighting is not explicitly prohibited by the academy rules, neither is it recognized, and so the fights are governed by an unwritten code and carried out in semi-secrecy. They are known and winked at by the authorities. But there is no question, according to the evidence, that the rules are made by the upper classmen for their own benefit. Fights are not conducted on what would be considered a fair basis by the average civilian, who is despised and looked down on by the superior naval man. Fighting at the academy has reached the epidemic stage where it is resorted to on trivial pretexts or for scarcely any pretext at all. The system, if it was not wrong in the beginning, has certainly run riot and needs pruning. It is no longer Midshipman Meriwether alone who is on trial. It is the system of the school upon which the country expends millions annually, and if the system does not get a very thorough and much needed airing at the hands of Congress this winter, Congress will be more lax than usual in attending to its duties.

Cold storage is doing much to regulate the food supplies of this age. Aside from the enormous business done in preserving meats and eggs by refrigeration from the time of plentiful supplies until the portion of the year when fresh supplies are very meager, the cold storage of fruit in the United States has grown to tremendous proportions. Nearly 3,000,000 barrels of apples were stored last year. Such as were properly picked and handled are still in good condition, showing little deterioration while kept at the required temperature. The demands of the public for food in this country could hardly be satisfied in this age were it not for the remarkable improvements in the matter of refrigeration and the preservation of supplies by cold storage.

Judge Bullock don't propose to let President Roosevelt shoot all the bears, so he went down to Hernando county one day last week and killed a Bruin that weighed 280 pounds.

A SPLENDID SUCCESS

Is the Verdict Regarding Our Industrial Edition.

While the press of the State has been lavish in its praises of our Industrial Edition of The Sun, there are many others who have tendered compliments, for all of which we wish to return our thanks. The two letters here copied we consider worthy of reproduction:

BOWLING GREEN BUSINESS COLLEGE,
Bowling Green, Ky., Nov. 29, 1905.
Hon. H. H. McCreary,
Gainesville, Fla

My Dear Sir:—Allow me to congratulate you on the Industrial Edition of The Sun. You have made a splendid success of it.

I shall always be interested in Gainesville and Alachua county and I sincerely trust the full measure of success they both merit will ever be theirs.

When the elegant University buildings are erected and the great educational work which will then be possible is once inaugurated I predict a great growth for Gainesville.

My work here is very pleasant. We have one of the few great schools in the South.

Remember me to other friends.

Very truly,
J. M. GUILLIAMS.

Mr. H. H. McCreary, Editor Gainesville Sun, Gainesville, Fla.

My Dear Sir:—We beg to thank you for copy of your Industrial Edition, which is most attractive and appreciated much indeed.

We have referred the copy to our advertising department and hope to be able to embody some of the matter from time to time in our Clyde Line News.

Yours truly,

Heart Weakness

The action of the heart depends upon the heart nerves and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arm and shoulders. The circulation is impeded, and the entire system suffers from lack of nourishment.

Dr. Miles' Heart Cure makes a heart strong and vigorous by strengthening these nerves and muscles.

"I had palpitation and pain around my heart, and the doctors said it was incurable. I don't believe it now, for after taking six bottles of Dr. Miles' Heart Cure, three bottles of the Nervine and three boxes of the Nerve and Liver Pills I am entirely cured, and feel better than I have for five years, and it is all due to these remedies. I want you to know that your medicines cured me. It relieved me from the first dose, and I kept right on till the pain in my chest was gone, and I kept on feeling better even after I quit taking it." JOHN H. SHERMAN, Belding, Mich.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.

Keep Your Head Clear

And your stomach free from indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, sooty bread, which is caused by several causes. First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Lawson as reported, but to form an organization of Franklin county policyholders and to discuss the investigation now on in New York. Attorney General F. S. Monnes, George T. Spahr, Judge E. B. Dillon and Dr. J. F. Baldwin, signed the call for the meeting.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contrated severe colds which speedily developed into the worst kind of la grippe with all it miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These tablets promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

TEXAS COTTON CROP IS SHORT

General Manager of Cotton Association Visits the Lone Star State.

Atlanta, Ga., Dec. 4.—Colonel E. D. Smith, of Columbia, S. C., general manager and finaficial agent of the Southern Cotton association, returned to the city Friday at noon from a successful trip through Texas in the interests of the association and its work.

During the tour of the state Colonel Smith visited the following important points, where he made addresses and aided in the organization of large and enthusiastic branches of the association: Tyler, Palestine, Huntsville, Crockett, Columbus, Taylor, Temple, Brownwood, Bastrop, Comanche, Hillsboro, Cleburne, and Waxahatchie, all important centers of cotton growing sections and comprising the northern, eastern and southern portions of the state. Waxahatchie is the county seat of Ellis county, the largest cotton growing county in the world.

In an interview Colonel Smith said: "What I am going to tell you is what I have learned from my own personal observation and investigation, and is in no sense merely hearsay.

"The Texas crop is not only short this year, but it is gathered, and in most of the counties which I visited the cattle are grazing in the fields. The portion of the state which I visited is in the boll weevil section, which made the best crop it has had in years, but the ginning is all done and the cotton is marketed."

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eleminate the poisons from the blood. Unless they do this good health is impossible. J. W. McCollum & Co.

BOSTON PHYSICIAN NOT GUILTY.

Dr. McLeod is Freed by Jury's Verdict In Famous Case.

Boston, Dec. 4.—A verdict of not guilty was reported in the superior court this morning by the jury which last night deliberated the case of Dr. Percy D. McLeod, charged with being an accessory after the fact of the illegal performance of an operation which resulted in the death of Susanna Geary, a victim of the suit case tragedy, and with concealing the crime.

The prisoner was discharged.

The case was given to the jury at 4:45 p. m., yesterday and a decision was reached at 10:15. In accordance with the instructions of Judge Stevens, the verdict was sealed and was reported when court opened this morning.

William E. Hunt and Louis W. Crawford, who pleaded guilty several days ago to the charge of being accessories after the fact to the illegal operation then were brought into court.

Each was sentenced by Judge Stevens to not less than six years, nor more than seven years in state prison.

Took Eight Weeks to Get Jury.

Chicago, Dec. 4.—After eight weeks and the exhaustion of nearly 2,000 veniremen, a jury was secured today to try Charles Gilhooly, who is charged with causing the death of a nonunion workman during a strike. Gilhooly, it is said, was the hired "slugger" of the carriage workers' union. There had been great trouble in securing the jury because of the reluctance of many of the veniremen to serve, and hundreds of them have declared themselves against labor unions. The trial will commence on Monday next.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe, but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 157 Osgood street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

Death Sentence Again Imposed.

Valdosta, Ga., Dec. 4.—The death sentence was again imposed upon J. G. Rawlings, and his two sons, Milton and Jesse, and the negro, Alf Moore, all charged with the murder of the Carter children on June 13th. The day of execution was fixed for Jan. 6. The elder Rawlings protested the innocence of his sons, and they also declared their innocence. The negro convicted, declared that he had told the truth. That he had killed nobody, but was with the boys when the crime was committed. Len Rawlings, another of the boys, goes to the penitentiary for life.

Young Man Charged with Forgery.

Bidmingham, Ala., Dec. 4.—The father of Clarence Hughes, of Stillmore, Ga., who is accused of forgery, has arrived in this city, and will try to square the debts of his son. Additional developments in the case are to the effect that he is wanted in Americus for the alleged swindle of $256 from a citizen of that place. He is said to have forged the name of T. J. James to get the money. Advices by wire from Little Rock state that he is also wanted there for obtaining a diamond under false pretenses.

Oil Field Workmen Strike.

Houston, Tex., Dec. 4.—The strike of oil field workmen against the reduction in wages of 50 cents a day has gone into effect at Humble, Batson, Saratoga, Sour Lake and Spindle Top, the Guffey and Sun companies and Pass and Eacham being affected. About 950 men are out. Drillers were not out, but went out on the score that they needed experienced help. The other companies have decided to continue paying the present standard for time. Officers are at all fields, but there are no indications of trouble.

Remarkable Cure.

"I was much afflicted with sciatica," writes Ed C. Nud, Iowaville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used. Have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and $1. Sold by W. M. Johnson.

McLeod, who is charged with being accessory after the fact and with illegal operation in connection with the death of Susanna Geary was resumed yesterday. Louis Crawford one of the men who had pleaded guilty to being accessory in the case, continued his testimony. There will be a called meeting of the Earnest Workers at the home of the President, Mrs. C. C. Pedrick, this afternoon at 3 o'clock. A full attendance is desired.

Mrs. F. G. Hoffman of Balsam, N. C., who has been in this city for the past few days on a visit to Mrs. Jesse C. Clark, left yesterday for Ocala, where she will spend the winter.

Attorney J. A. Carlisle, who moved his office from the Porter block to the new Bauknight building a few days ago, has returned to his former quarters, the room in the new office being insufficient to meet the demands. He may be found in future at his former offices, Porter block, corner East Union and West Main streets, S.

M. B. Saunders, member of the firm of Saunders & Earle, Saturday celebrated the twenty-sixth anniversary of his connection with that store. Mr. Saunders went to the store twenty-six years ago a clerk, and gradually worked himself into an interest in the business. As he expressed it, he has "seen them come and go," but he is still there.

L. L. Hill, representing G. H. Miles & Company, wholesale commission merchants, New York, has returned to this city from St. Petersburg and points on the Manatee river, where he has been looking after the orange situation. Mr. Hill states that the crop in the sections visited is fully up to last year and the fruit as fine as could be desired. He has purchased outright several carloads of oranges.

R. W. Bishop, who recently arrived with his family from Terra Alta, W. Va., has become so deeply impressed with the city that he purchased property and is building a neat and comfortable residence on the corner of Franklin and Lanier streets, East Gainesville. The penalty for failure to pay license, upon conviction, may be double the amount of the license, together with the costs of the court.

POSTMASTERS MUST BE CAREFUL

Orders Issued from Headquarters to See that Proper Postage is Paid.

Washington, Dec. 4.—A practice under which the government is subjected to loss of money is called attention to in an order which Third Assistant Postmaster General Madden issued to all postmasters. The order follows:

"Matter mailed at the second, third and fourth class rate is often made the vehicle for transmitting other matter subject to a higher postage rate. Postmasters must use greater care to see that packages accepted for mailing are prepaid at the rate to which the highest class matter enclosed is subjected.

"Postmasters receiving packages for delivery should take similar care to see when the proper rate of postage has not been prepaid, that the legal rate is collected before delivery."

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1st, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and $1. Sold by W. M. Johnson.

He is comparatively little known outside of his profession and is about 35 years of age.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCollum & Company.

A Certain Cure for Croup.

It has been in use for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Mr. M. F. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief."
